MUHAMMAD SAMIULLAH KHAN

MERN / FULL-STACK DEVELOPER

Lahore, Pakistan

0306-0042323 | [Email](#) | [LinkedIn](#) | [Github](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

MERN Stack Developer with more than a year of experience making responsive business websites and full-stack web apps. Excellent at delivering React UIs, making RESTful APIs with Node/Express, and giving backends that are easy to maintain and use MongoDB. A proven track record of speeding up page loads and delivering features with automated deploys.

TECH STACK

Frontend: React, Redux Toolkit, Next.js | Backend: Node.js, Express | DB: MongoDB, Mongoose | Tools: Git/GITHUB, Postman | Cloud: Vercel, Render

EXPERIENCE

(remote / Freelance) | Junior MERN / Full-Stack Developer

- Designed and implemented RESTful APIs with Node.js, Express and MongoDB, added robust input validation, and server side pagination for large collections. (Node, Express, MongoDB).

- Created corporate and product websites with contact form that work well on mobile devices and are responsive.

- Added CI/CD using GitHub Actions for test + deploy, reducing manual deploy steps and human error. (GitHub, Heroku, Render, Vercel)

PROJECTS

- BAKERY MANAGEMENT SYSTEM

- EXPENSE TRACKER

To guarantee a seamless user experience, our website makes use of MongoDB, Express.js, React.js, Next.js, and Node.js.

EDUCATION

Bachelors of science in computer science (2024)   - - Virtual University of Pakistan
